Australian and New Zealand Endocrine Surgeons (ANZES) invite you to join us for the 9th Postgraduate Course on the beautiful Northern Beaches of Sydney for two days of informative presentations and interactive case based discussions in Endocrine Surgery.

We have assembled an outstanding faculty of National leaders in Endocrine Surgery, Otolaryngology Head and Neck Surgery, Surgical Pathology and Endocrinology. The course will provide a “state-of-the-art” update on advances in surgical techniques, multi-disciplinary management of thyroid cancer, controversies in pathological diagnosis and the use of novel molecular therapies for endocrine tumours.

The course will run as an inperson event. There will also be an online option available.

The program will be of great interest to established Surgeons, Surgical Fellows, Endocrinologists and Surgical Registrars preparing for fellowship examinations. The 9th ANZES Postgraduate Course will be a great opportunity to learn about advances in Endocrine Surgery, network with colleagues and enjoy the natural beauty of the Northern Beaches.
